Subject: Support for EMT Staff and Mannequins for CPR Training Sessions

Dear Ms. Pandey,

Greetings from Manipal Hospitals!

We appreciate the remarkable efforts undertaken by **Project Surya Nayak** to create awareness and impart practical training in **Cardiopulmonary Resuscitation (CPR)** across Karnataka Public Schools. It is heart-warming to see young leaders like you champion such a vital cause, which aims to build a safer and more responsive society.

In support of this initiative, Manipal Hospitals is pleased to extend its assistance by providing trained **Emergency Medical Technician (EMT) staff** and **CPR training mannequins** for your upcoming awareness and training sessions. Our team will coordinate closely with your representatives to ensure smooth scheduling and execution of these sessions in the identified schools.

We believe that empowering students and school staff with life-saving skills, such as CPR, can make a real difference during emergencies. We are proud to contribute to this movement and stand with Project Surya Nayak in its mission to build a network of skilled first responders.

Warm regards,

**Ms. Nayana Pai**
